PRESIDENTS/CHAPTER MESSAGE

Call for Volunteers!

The Leadership team is asking for volunteers to help set up and tear down at the monthly member meetings.

We understand that your time is valuable, but we are asking for 30-45 extra minutes of your time before or after the meeting to-

- Set up the welcome table
- Work and greet guests at the welcome table
- Set up tables and chairs for the meeting
- Work with the President or Vice President with ordering, picking up or setting up lunch
- Tear down the welcome table
- Move tables and chairs back to the original position
- Re-package leftover lunch and clean the kitchen
- IT experience with audio/video is a plus!

Volunteering at these meetings is a great way to meet and interact/network with the other attendees. Plus, the more volunteers we get, the less time all of us spend.

If you plan on attending the next meeting(s) and would like to help out, please let one of us know if you would like to volunteer anytime prior to the next meeting or [Contact Us](#) to see how you can get more involved.

Stay Safe and Well,

Dona Leonard / President

Steve Monson / Vice-President

New ASSP RMC Vice President

Congratulations to Steve Monson!

The Rocky Mountain Chapter is pleased to Congratulate our newly-elected Officer – Steve Monson/Vice President-President Elect!

Become a BCSP Ambassador

Are you an outspoken safety advocate who encourages others to achieve safety certification?

The BCSP Ambassador program engages select volunteers among BCSP credential holders to represent BCSP at events and speaking engagements that include other stakeholders in the safety, health, and environmental (SH&E) field.

Applications are being accepted through Wednesday, April 30, 2025.

Crane and Rigging Training Courses

Crane operators are responsible for operating large pieces of machinery – which can be extremely dangerous if used improperly. Crane safety training and operator certification are required by law. The National Commission for the Certification of Crane Operators (NCCCO) is a gold standard for qualifying workers.

The Colorado Crane Operator School is an active NCCCO participant which assists workers to obtain their crane operator and rigging certifications, while reinforcing job site safety and expertise.

GOVERNMENT AFFAIRS

OSHA Ends COVID-19 Healthcare Rule

On January 25th 2025, the U.S. Department of Labor announced that the Occupational Safety and Health Administration terminated its COVID-19 healthcare rulemaking previously issued as an Emergency Temporary Standard to protect workers June 21, 2021.

For More Info: click [here](#)

Bill Introduced to Abolish OSHA

Representative Andy Biggs (R-AZ) has introduced the NOSHA Act (H.R. 86), aiming to eliminate OSHA. Similar legislation has been proposed in the past. While the bill is unlikely to gain traction, ASSP is monitoring developments and will share updates as needed.

5 Regulatory and Legislative Predictions for Safety Heading Into 2025

Now that we have entered 2025, the landscape of workplace safety, regulatory compliance and environmental standards is poised for significant transformation. With Donald Trump returning to the presidency and a Republican-controlled Senate and House, the regulatory agenda is expected to shift dramatically, impacting the safety field.

OSHA Updates Recordkeeping Directive

OSHA has issued an updated directive on recordkeeping policies and procedures, reflecting the agency's efforts to modernize the guidance governing workplace injury and illness reporting. The new directive, Part 1904 Recordkeeping Policies and Procedures ([CPL 02-00-172](#)), took effect Jan. 13, 2025.

EPA and CDPHE partner to strengthen civil rights in Colorado

On January 17, 2025, the Colorado Department of Public Health and Environment and the U.S. Environmental Protection Agency announce the signing of an Informal Resolution Agreement under Title VI of the Civil Rights Act of 1964 and other civil rights statutes. The agreement is the result of a collaborative effort to enhance civil rights and transparency in Colorado's air permitting program.
